14TH ANNUAL
MAIN EVENT
OCTOBER 12TH - 14TH 2021

LUXE SUNSET BLVD. HOTEL

LDICRO by SRAX

14TH ANNUAL
MAIN EVENT
LUXE SUNSET BLVD. HOTEL

The upcoming Main Event is going to be the one conference everyone invited should attend, simply because no one has seen each other for what feels like 200 years.

LD Micro is famous for the gatherings it puts together, and while this will be smaller, the level of excitement, energy, and knowledge to be gained will far surpass anything we've ever done.

Nothing can replace the "human element,"and that's exactly why we are doing it. Please let us know if the timing works (October 12-14) and whether the desire is present to be seen and heard.

What Sets Us Apart:

- The host of the most influential conference annually (LD Micro Main Event)
- More than 1,600+ companies have presented at our events over the past 13 years
- Institutional interest from over 500+ firms and thousands of retail investors, both digitally and in-person.
- LDMicro.com is one of the top investment resources on the Internet, especially the LD Micro Index (the benchmark in micro)

Key Details:

- Each company will be presenting in-person (25 minutes from start to finish) - Four Tracks -
- Each company will pre-record a virtual presentation as well that will air on the day of the conference
- The company can schedule their availability for 1x1 meetings to their liking and specificity

Try to pronounce the word "specificity" three times fast. I swear to you.
After maybe 40-50 attempts, I can't pull it off.
