## Jonathan Abenaim

### Arlen House Management

---

This week's Top-50 feature is a recent Lunch at the Club presenter, Jonathan Abenaim. Jonathan is the Founder and Managing Partner of Arlen House Management, an investment firm whose goal is to combine "a business owner's mindset with a fundamentally research-intensive process to make high conviction investments in public companies globally. Arlen House's mission is to maximize growth of partner capital over a multi-decade period by owning exceptional companies operated by exceptional people." Check out some of Jonathan's research and investment criteria [here](#).

Prior to founding Arlen House, Jonathan worked as an analyst for ADW Capital Management, a Miami based hedge fund manager. He graduated from Geneva University and the Telfer School of Management, respectively with both a BBA and Honors BCom degree in Finance. And if that is not enough, he also happens to be trilingual - speaking English, French, and Hebrew!

As we look forward to next week's feature, you can keep up to date with Jonathan's most recent endeavors via his personal [Twitter](#) account or [LinkedIn](#). Please note that this article only contains publicly available information.
